away for skyjacker who jumped with \$200,000

PORTLAND. Ore. [UPI]—A little more than a year from now, D. B. Cooper could be home free.

Thanksgiving begins a 365-day countsown for Cooper—the nation's only successful parachuting skyjacker—who used highway flares as a bomb threat to extort \$200.000 from Northwest Aiflines.

The statute of ilmitations on the hijacking charge against Cooper is five years. The phantom figure vanished after parachuting from a Northwest Airlines 727 with his loot on Thanksgiving eve. 1971.

Whether he survived the jump or his body is down at the bottom of a deep lake, hung in a tree, or his remains scattered by animals are some of the nitiguing questions left unanswered, so far, by an extensive investigation.

"IT'S A VERY MUCH active investigation," said a senior FBI agent who has spent many hours on the case. "We have run down literally thousands of leads and eliminated hundreds of people as suspects."

"My personal guess is that there is just a 50 per cent chance that he is still alive."

The lack of distinguishing characteristics about the dark-complexioned, middle-aged man dressed in conservative cibthing and his ability to move unobtrusively refere the hijacking have theartied the FBI's intense efforts to determine him he arrived at Portland International Airport that wet, squally night.

Airport that wet, squally night.

He paid cash for his Portland-to-Seattle flight and then spent 50 minutes in
an airport waiting area before boarding
without one fellow passenger remembering him.

SHORTLY AFTER takeoff, Cooper handed a note to a stewardess which said. "I have a bomb in my brief case."

The FBI agent said that the stewardess described the wires attached in Cooper's attache case to what she thought were eight sticks of dynamite, the same color as nor red uniform.

"Dynamite is not color coded this way. She was describing highway flares," the agent said.

The agent said there was doubt Cooper was an experienced parachutist because he took the two worst possible

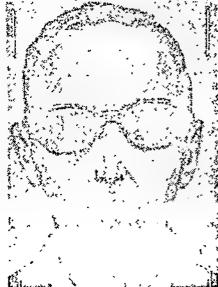

choices of the four parachules given him at the Seattle-Tacoma Auport, where he optained the \$200,000 in \$20 bills.

THE AGENT said the chest chute the skyjacker took was one that was sewn together for use in a parachute assembling class and could not even be used for jumping, and the back chute was much smaller than the large chute he cut up to wrap the money-in and tie it to him.

A world champion parachutist was fuoted by the agent as saying "his amount of money" could induce him to make the jump Cooper did. Jumping from 10,000 feet into heavy rain clouds, there was no way Cooper could have known where he was coming down, according to the FBI man.

The FBI says Cooper came down about 12 miles north of Portland in an area four miles by six miles.

DESPITE AERIAL and ground searches, including one the next spring using soldiers from Fort Lewis, Wasking clues to his disappearance have been to d. None of the 10,000 bills in ransom have shown up either.

Sketch of man who called nims#! DJB. Cooper.

	Dear Duane:	
	If I ever look at the Milico Memo and don't see your name, I will have to assume that you are either sick or on vacation; because you are doing such a consistent job of producing that your name is always among the leaders, week after week.	
	Congratulations and thanks very much for the effort that you are putting forth. I'm sure, however, this week you are probably just as proud as I am to see a few bucks ahead of you on this particular Milico Memo. You're both doing a great job!	ь6 ь7С

Dear Duane:

It seems like every week you are either first or second on the Milico Memo in submitted annualized premium. This week is no different than most; you are Number Two in the Company with \$1,420 of submitted annualized premium. You're doing such a great job that it gets difficult for me to write an original kind of letter to congratulate you, because you are forcing me to do this every week.

Keep up the good work!

Good Luck and Good Selling!!

...to dream big and implement realistically

Dear Associates

No question in my mind but that this was in many ways our most successful MY MONTH Production Period — the reason, the quality of business that you wrote was the very best since we started the Company in 1951. I want to personally express my appreciation for your efforts in this great achievement.

CATEGORY "A" WINNERS

Rhetoric is fine; but talking about WINNERS is better.

· ·	
1973 MY MONTH WINNERS - LIFE (Production Periods 1 - 6)	
Our Leading Agent was of Pittsburg has been with American Income for about	b6
years. His renewals for the month of June were about \$1200. He has not only been one who has produced a	ь7c
large volume of business, but his persistency is about TEN POINTS above the Company average. He is living	
proof that you can write a large volume of business and write it right. It is a pleasure to award you	
in American Income stock, and with a continuing effort such as you are making, I predict it is going to be worth a	
lot more in a very short time.	
Runner-up was DUANE L. WEBER of Georgia. Duane has been with American Income a relatively short time and	
already his renewals are about \$600 a month. He is living proof that American Income provides an apportunity for	
a young man without capital who wants to start in business for himself and have no restrictions on how far up he	
can go in the world of business. We are all indebted to Duane not only for his marvelous performance but for	
providing us with the best presentation on the DOUBLE DLP that I think any of us has ever heard. Duane's	
persistency is also way above the Company average, it being 70%, and going up steadily.	
Second was of Texas. has been the mainstay of our Texas production for many	b6
years and he does his great work so quietly that he doesn't get anywhere near the recognition to which he is	ъ7с
entitled. We are going to see that you get it at the MY MONTH banquet, His persistency is 75% and	
his renewals average \$600 a month.	
Our Third Runner-up was who is, as I have indicated to you before, a great concert violin	
ist. His State General Agent, says that if everyone was like there wouldn't be any need for	
company presidents or state general agents. I always am amused by guys who talk about how busy they are:	
spends twenty hours a week practicing his violin, plus playing concerts, and the rest of the time he is selling in-	
surance. His persistency on Life is 75%, and his renewals are over \$500 a month.	
Our Leading General Agent in DIVISION I was of Atlanta. I always believe in telling it like it	Ъ6
is - persistency left much to be desired. I therefore am pleased to congratulate him doubly: First, because	ъ7С
his agency persistency has shown the GREATEST IMPROVEMENT of any agency since January — it's up almost	
ten points. Secondly, because he led all of the American Income General Agents.	
Our Leader in DIVISION'II was of Florida, He is a methodical, conscientious General Agent.	
He trains his men exceptionally well. He has been a General Agent for about a year. You remember I was telling	
you about the 24 poles that you had to pass to be a General Agent, and each pole represented 20 DQUBLEDLPs	
in a month. In less than a year renewals are over \$1200. You are an inspiration to all of us

Integrity is a much more meaningful attribute than truth: it requires that when one has more knowledge than the individual with whom one is dealing, he feels it incumbent upon himself to protect the other's interest. March 21., 1974

Dear Duane:

The March 18 Milico Memo shows you Number Two in the Company, with over \$1,000 of paid annualized individual premium. At the same time, I noticed that you submitted practically \$800 of annualized premium that same week. You're doing the kind of a job this year that certainly should put you in contention for Agent-of-the-Year during 1974.

Keep up the good work!

and it got him the honor of being among American Income's Leaders. He has been in the insurance business for many years, but he has found his home here at American Income — his \$400 a month renewal account is a great convincer. Isn't it, Steve?	
Our Third Runner-up was whom we have already had the pleasure of referring to as one of the Winners in Year-to-Date.	b6 b70
Our Leading General Agent, Division I, was that great He loves to see his name in print and he knows the best way to do that is by being the Leader.	
The Winner of DIVISION 41 was some of these middle-aged dynamos American Income is privileged to have. The hasn't had his General Agency too long — it already has renewals in excess of \$1000 a month. He is one of the most conscientious Life men l've ever known. He believes in selling people what they need, and his persistency-reflects it.	:

Guess who the Leader was? None other than that lovable Yes, it's the SAME who was Runner-up in Year-to-Date. He wrote almost \$10,000 in Annualized A & H.	b6 b70
First Runner-up was DUANE WEBER. There were four categories in which an agent could win, and DUANE QUALIFIED IN ALL FOUR. That's really something.	>
The Second Runner-up was who qualified in THREE DIVISIONS.	
The Third Runner-up was I know, one thing: If had known he was this close, he wouldn't have been satisfied with just being the winner of the Year-to-Date Contest. He would have worked just a little harder to win the Number I spot for the MY MONTH Production Period.	
Our Leading General Agency, DIVISION I, was L-M-S, who ALSO, as you will recall, were the Leaders in Year-to-Date.	
Our Leading General Agent in DIVISION II was — and this is the SAME who was the Leader in Life.

The Leading State General Agent in DIVISION I was His agencies produced almost a million dollars in combined premium for the first six months of this year. What I love most about is that he thinks he has done a lousy job — that's why he is going to do a lot better the second half of 1973.	ъ6 ъ7с
Our Leader in DIVISION II was who takes everything very seriously, and the thing he takes the most seriously is WINNING. There isn't an agency in this nation that does anywhere near the job that does relative to the union population in his state. You are going to see his name appear a few more times in this Production Letter, and he deserves every bit of the recognition he is receiving.

STATION N ATEA CODE 4

To Whom It May Concern:

Mr. Duane L. Weber was an employee of Interlock Screw, and Bolt Corporation for approximately one (1) year.

His past record with this company was one of the best. He started here as Sales Desk Representative and worked his way up to Purchasing Agent of Interlock in this Branch.

As his former supervisor, I would like to say that his attendance was perfect, his attitude very good, quality of work was very good, quantity of work was excellent, and his relationship with his fellow employees was the very best.

I would recommend Mr. Weber for employment with any company because of his qualifications and his past record with our company.

Unfortunately when our company was faced with a cutback of employees due to circumstances we had to release some of our manpower in order to survive. Mr. Weber being one of the younger members of our organization was faced with release.

It is sincerely hoped that this correspondence will serve as a spokesman in Mr. Webers behalf.

Sincerely,
